General Comments

Licensing staff conducted the annual renewal inspection.

Children began arriving at the after-school program between 2:45 p.m. and 3:15 p.m., depending on the school they attended. Upon arrival, children were accompanied by an educator, and attendance was recorded. Children had their own cubbies to put their belongings in.

Children had the opportunity to eat from their lunch boxes as desired during snack time. They were also able to engage in free play using a variety of age-appropriate materials available throughout the rooms. These included but were not limited to play dough, board games, craft materials, dramatic play areas, books, building blocks, and sensory toys.

Once both groups had arrived and had an opportunity to eat, an invitation to play was set up for the children to participate in a painting activity. Children were invited to paint poppies in recognition of Remembrance Day.

Fire drills are being conducted monthly. Throughout the visit, positive child guidance practices were observed.

Licensing staff will recommend the program for renewal once the identified non-compliance has been addressed.
