General Comments
Administrator is very organized and was able to demonstrate compliance with Regulations under the Act. Filing system and documentation was meticulous on day of visit. Children are given a balance between indoor and outdoor activity. Educators engage with children at their level and in a positive manner. Educators were observed speaking with the children at their level and providing support and encouragement for new skills obtained. Educators were heard singing songs and doing fingerplays with the children at time of visit. Incident logs were evident and kept in chronological order. Advised Administrator to keep reportable incidents and non-reportable incidents separate. This was completed at time of visit.
