General Comments

Monitoring Inspection:

Children and educators were observed engaged in a variety of activities this afternoon including open ended art, dramatic play and building with Magnatiles and Lego. The indoor play area is set-up with a variety of invitations and materials for children to explore freely.

Purposeful planning was evident, with planning sheets reflecting the interests, materials, and opportunities available within the environment. The children have been working on an ongoing project - a Fairy Forest with items gathered from nature.

Monthly fire drills are documented.
Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
New staff file (2) review was completed; all required documents are in place.
