| General Comments |
| <p>Children were getting up from their naps this afternoon. After waking, the children visit the washroom for bum changes and to wash their hands for snack. A small table is set up in the kitchen area and children bring snacks from home. The children chose some blocks and vehicles to play with after snack exploring the other resources throughout the space.</p> <p>After a short period, they went outside to the play area. The outdoor play space offers opportunities to play in sand boxes, on the play structure, in the house, or bake in the kitchen with the food and resources present. The operator was observed kindly encouraging children and redirecting when needed.</p> <p>Documentation was posted on the wall of children's learning. The recommendation was made to put photos and documentation down at the children's level possibly in clear page protectors so children can look at them.</p> |
