Comments: Deficiency is now compliant			

General Comments Licensing Staff arrived after morning snack time to conduct a follow up inspection. Upon arrival the Operator was engaged in free play with the children. During the inspection, attendance records and daily information sheets were observed and up to date. The Operator has printed off the Emergency Evacuation and Fire Drill, Smoke Alarm, Smoke Detector and Fire Extinguisher Check and is conducting monthly fire drills. The entrance way has been cleaned, and a piece of wood was added to cover the spray foam insulation. The mattress in the crib has been replaced and during today's follow up the mattress had a clean fitted sheet on it. Please add protective surfacing such as mulch, around the outdoor play structure. Once this has been added, please send an email with a photo to your Inspector at lindsay.lewis@gnb.ca
