<p>General Comments</p> <p>Upon licensing staff's arrival, part of the group was just returning from school. The children waited outside while the educator took attendance, and children entered the building as needed to use the washroom. As each child arrived, they proceeded to the outdoor play area to engage in play for the afternoon. The group played in the open field and wooden area. There are outdoor materials available for children to use and bring to the field. Children had access to their lunch boxes and were able to eat as needed. First aid kits were present.</p> <p>The indoor environment consisted of a variety of age-appropriate materials and activities, including board games, books, a craft station, various types of blocks, and a dramatic play area. An open gym area was also available, providing children with space to engage in a variety of sports and physical activities. Children's crafts are also displayed on the walls.</p> <p>Fire drills are being completed monthly. Staff and child files are in compliance. Only positive child guidance was observed.</p> <p>Licensing staff recommends the program for renewal.</p>
