### General Comments

#### Monitoring Inspection:

Children observed finishing up their snack, exploring the indoor play area and transitioning to outdoor play this morning. A variety of materials are accessible for the children to explore freely. The educator has been incorporating age-appropriate loose parts to the indoor and outdoor environments. Photos of the children engaging in daily activities are displayed at the front door for parents to view at pick up times.

QA Monitor discussed Incident Logs with Operator. Incident Logs are to be completed when minor injuries happen. The following information is to be included on log; child's name, date, time, injury that occurred and care that was provided, what happened and parent's signature. Incident logs are to be filed in chronological order in a binder or folder.

QA Monitor discussed with operator First Aid Kit and Daily Attendance Records. Ensure that First Aid Kit and Attendance Records are taken with group during outdoor play and on outings. Last names of children to be added to Attendance Records.

QA Monitor discussed with operator bedding storage. Bedding must be stored separately in labelled bins or bags.
