Comments:			

<p><b>General Comments</b></p> <p>-Mid day visit to the establishment for an unexpected monitoring inspection</p> <p>-Ratio was respected during the visit</p> <p>-It was discussed with the operator the different grouping that can be done with different age groups. A document will be sent by email</p> <p>-During the visit, it was observed that the educator is engaged with the children, she brings herself at their level providing support and having conversations.</p> <p>-It was asked to that the operator goes through each container and make sure that everything is safe for the infant. It was suggested to organize the environment by opening all packages and making all material accessible. Within the group a child is a climber it was asked to attach the tree chest found into the room to the wall and also the large mirror.</p> <p>-Each napping child has a cot or nap mat that is appropriate for their height</p> <p>-There is a space of at least 46 cm between rest equipment and all nap equipment. All material is washable and non-absorbent</p> <p>-Infants that are less than 15months has a designated crib or playpen which meets cribs, playpen regulations. Since the infant can now stand, it was suggested to bring down the mattress of the crib down to make it safer for the infant to sleep in it.</p> <p>Observations: When arriving at the center children were outside playing, they came in and had a free play period.</p>
