General Comments Monitoring Inspection: Children and educators observed engaged in a variety of outdoor play activities this afternoon including soccer, building, open ended art, and sensory opportunities. A small group of children were building with a fort making kit. Another group of children were playing the Floor is Lava on tree stumps. Children were not observed in the indoor play area during inspection. An inspection of the indoor play area was conducted. The environment was organized, maintained, and contained invitations prepared for when the children arrive indoors. The science center has been expanded, and a wide variety of materials have been added to support the children's current interest in experiments and sensory play. Handwashing routines were observed before snack and during washroom routines. Monthly fire drills are documented. Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection. New staff file (1) review was completed; staff file is missing a job description, to be added.
