Order for Compliance	Regulation	Date to be corrected	Date corrected
----------------------	------------	----------------------	----------------

General Comments

-Late-afternoon visit to the establishment for an unexpected monitoring inspection

-Ratio was respected during the visit

-Posted on the left wall when entering the classroom are the following documents: The license, inspection report, orders for compliance, daily routine, evacuation procedures, name of administrator, name and telephone number of QA Monitor and inspector - Life threatening allergies

-When it applies a notice to inform parents of the existence of a communicable disease will be posted on the parent board

-All required administrative records are maintained on site and/or and exemption request has been made for any changes made to this regulation

-Monthly emergency evacuation and fire drills are completed

-No medicine is kept on site

-Minor incident reports are maintained in the child's file

-Major incident report was reviewed with the educator on what incident is considered reportable and which one is not.

-It was discussed with the educator different kinds of documentation that can be used document the planning of activities, a follow-up will be done on the next monitoring

Observations: When arriving at the center the educator was getting the room ready to welcome the children. When entering the room, all children sat at the table to participate to the egg painting activity that was waiting for them. Once they were done painting their egg, they transitioned into different activities, mini hockey, Legos and magna-tiles.
