<p>General Comments</p> <p>Upon arrival of licensing staff, the children were in the gym, and the educator was explaining the activity. The children were split into two teams and had to hop in hoola hoops until they met the opposing player. The children did rock, paper, scissors, and the winner would continue hopping until they met a new opponent. The children were heard cheering for each other and laughing. The children helped clean up the materials and sat on the bench for a new game. To get the children's attention, the educator would say "1,2,3 eyes on me" and the children would repeat "1,2,3 eyes on you". The children went on one side of the gym, and one "tagger" was in the middle, the tagger would say "only if... you're wearing red" and the children would run to the opposite side and try not to get tagged. The children took turns being the tagger. They then played a game of 4 corners before returning to the classroom.</p> <p>The children lined up and went to the classroom with the educator. They sat at the table for an activity. The educator set out construction papers and a variety of glue-glitter mixes. The children were making northern lights. The educators were helping the children and talked about the northern lights. After the activity, they cleaned up and engaged in free play. Some children sat down and had snack. An educator brought a group of children to use the washroom. The educators greeted the parents as they arrived and updated the attendance sheet.</p> <p>The educators are attentive to the children and engage in conversation with them. Approximately 7 child files were reviewed and found to be complete. Please ensure that the parent information board is updated to include the required information. Only positive child guidance was observed.</p>
