General Comments
<p>A renewal inspection occurred today. Children were observed both indoors and outdoors. Each room was set up with multiple invitations for the children to explore. Outdoor environments had variety of natural play materials that were inspiring and engaging of all the senses. Natural, familiar, real-life materials were observed that reflect children's home environment. Educators used various forms of documentation to capture and record children's ideas, initiatives, questions and learning (le: Spring web). All checks were complete. All staff files and children's files were observed and complete. As discussed with director, more outdoor kitchen set materials to be added.</p>
