**General Comments**

A Monitoring Inspection was completed this morning. It was a beautiful day, and all children were either outside playing and or out for a walk. The infants were observed playing on their deck. Infants were observed sliding, playing with toy vehicles, and playing on the teeter totter. Educators stated that the infants are presently very interested in all that is messy, the water table, and open-ended arts and crafts. The 2's and 3's were observed in the outside play area. The 2's were taking part in a dance activity. The 2's were observed dancing, smiling, and having fun. The 3's were observed returning to the play area, from a walk. QAM observed the inside environment. All rooms contained several forms of documentation and the children's interests, were evident, in each room.
