<p>General Comments</p> <p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of activities this morning including dramatic play, fine motor activities, open-ended art, sensory opportunities and outdoor play. A small group of children were observed feeding their baby dolls in the dramatic play area. Some children were exploring an Easter sensory bin that included Easter grass, eggs and spring animals. Outdoors the children explored the play area freely and jumped in the mud and puddles.</p> <p>Purposeful planning is evident through documentation, invitations and materials added to the environments to support the children's current interests (Easter, reptiles, dinosaurs, babies and spinning/circular motion).</p> <p>Handwashing routines were observed during washroom routines.</p> <p>Monthly fire drills are documented. In response to recommendations left at previous Monitoring Inspection the fire drill document is now displayed on the fridge as a reminder.</p> <p>Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.</p> <p>Facility is currently meeting the 50% trained Early Childhood Educators (3/4) requirement.</p>
