<p>General Comments</p> <p>A monitoring inspection was conducted at the licensed facility during the morning.</p> <p>During the inspection, children were observed indoors participating in a variety of age-appropriate activities, including exploring the interior of a pumpkin, engaging in water sensory play, reading books, and participating in gross motor activities using balance beams.</p> <p>During outdoor play, it was observed that new surfacing materials, rubber flooring, and an accessibility ramp had been added to the outdoor play area to enhance accessibility for all children. Children were observed actively engaged in outdoor activities, including playing musical instruments on the music wall, riding Cozy Coupe cars, blowing bubbles, riding in wagons, and playing in the leaves.</p> <p>One new staff file and two current staff files were reviewed. All files were found to contain the required completed and up-to-date documentation.</p> <p>Mandatory attendance records were reviewed and verified as current, accurately reflecting the arrival and departure times of children attending the facility.</p> <p>Educators were observed to be actively engaged with the children and consistently interacted with them at their eye level. Positive child guidance practices were observed throughout the inspection.</p>
