<p><b>General Comments</b></p> <p>A renewal inspection was conducted today. The children were observed in both inside and outside play with their groups and educators.</p> <p>The educator's portfolios depict reflective planning, where they "reflect" on what works, what does not work, children's interest. The interest centers that are set up throughout the school-age program are proof of this planning. A variety of interest centers set up throughout: art, blocks, sewing, games, drawing and lego.</p> <p>Educators were observed having respectful and responsive conversations and interactions with the children in their care.</p> <p>Discussed Discovery Park with one of the Administrators who indicated that due to the damage done to this area the children do not utilize it but do use the playground on the far side of the school as well as the wooded area.</p>
