General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including foosball, chess, playdoh, open-ended art, fort building, basketball and outdoor play. The learning environment is set-up with a variety of invitations throughout the play area for children to explore freely. Purposeful planning is evident through documentation, photos and materials added to the environment.

QA Monitor discussed the set-up of the cafeteria with administrator; currently groups rotate through the indoor play area, gym and outdoor play area ensure on days of inclement weather and when the gym is unavailable that maximum group size is observed, and the cafeteria is divided into two full indoor play areas.

QA Monitor discussed a plan with the administrator on site to have an ongoing list of children within each group to keep track of which group the children are in. This is to be updated as children switch groups throughout the day.

Monthly fire drills are documented.

Children observed to choose when they have snack.

New staff file (1) review was completed.
