<p>General Comments</p> <p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of outdoor activities this afternoon including gross motor play on the playground equipment, bowling, soccer, and mark making.</p> <p>Purposeful planning is evident through documentation and materials added to the environment that support the children's current interests (sports, forts and building).</p> <p>QA Montior discussed creating a space for children to serve their own snack as, it was observed that children were required to sit quietly and wait for snack to be given to them. Snack time is to be a time for children to engage conversations with their peers.</p> <p>Area of focus - cozy area. How can you create a space that invites children to read?</p> <p>Children were observed to wash their hands at arrival/before snack. Monthly fire drills are documented. New staff file review (2), all required documents in place.</p>
