Monitoring Inspection:

Children observed engaged in a variety of activities this afternoon including open-ended art, dramatic play, board games, Lego and Magnatiles. The indoor play area is set-up with invitations and purposeful planning is documented.

General Comments

Currently, the stationary playground equipment has inadequate surfacing and is not being used by the after - school program. Once surfacing is replenished a rake is to be purchased to prevent surfacing from pooling away from equipment.

Handwashing routines observed.
Monthly fire drills documented.
