However, the operator was able to demonstrate to the Quality Assurance Monitor that a Facebook group has been created only for parents, where daily activities and documentation are regularly shared. A reminder was provided to the operator that daily activities must also be documented in writing and maintained on-site, in addition to any documentation shared electronically with parents

The Quality Assurance Monitor observed the children waking up from their nap and transitioning to eat their afternoon snack (lunch boxes). The children were also observed engaging in free play in the indoor play area, participating in imaginative play related to Elsa princess and dancing to music. The Quality Assurance Monitor
