General Comments

The Quality Assurance Monitor is on site for a monitoring inspection. During the inspection the QA monitor was able to observe the children during free play and during their circle time. The educators were engaged with their children during the observations. Educators were asking their children questions while they were in their play and meaningful conversations were observed.

The Quality Assurance monitor also had a discussion with the administrator regarding purposeful planning and documentations. The administrator has shown multiple examples of their detailed documentation and their current methods for planning. The Quality Assurance monitor has made some recommendations to continue develop their practice. The QA Monitor has also referred the administrator to the pedagogical team for support in their continued development of this practice.
