<p>General Comments</p> <p>The inspector is on site to conduct the renewal inspection.</p> <p>During the inspection the inspector observed children transitioning indoors from morning outdoor play. The lunch period is also observed, during which the children sang a grace before eating and engaged in indoor free play.</p> <p>A discussion took place with the administrator regarding the outdoor play area for school-aged children. The designated area for school-aged children is the community park beside the facility. Since this park is not part of the daycare's facilities, it was not inspected during the renewal inspection. It is the operator's responsibility to ensure that the outdoor play area is safe for children. Any safety concerns must be communicated with the community so that corrective measures can be taken.</p> <p>The inspector has a discussion with an educator about children's personal belongings and recommended that all items must be labeled with the child's name.</p>
