General Comments
<p>The Administrator verified via email that the play structure and all broken items listed on the previous monitoring inspection report have been removed from the outdoor play area. Administrator also verified that, in the classroom cited for a lack of accessibility to art materials, educators have now placed some mark-making materials at the children's level and are working to slowly introduce additional materials to the children. For more information regarding play materials and equipment, operator and staff can consult the NB curriculum framework and the professional support documents, including but not limited to: Learning and Caring With Our Young Children, Communication and Literacies, and Play and Playfulness; as well as the Collaborative Assessment Tool – Reflective Guide (CAT-RG).</p>
