**General Comments**

As the afterschool children arrived sunscreen and bug spray were applied and the children went outside. Some children had a snack while others had free play time. The afterschool children have been busy planting their garden. They have planted various herbs, spinach, beets, strawberries, potatoes, peas, onions, brussel sprouts and wildflowers.

While outside the children were engaged in a variety of games such as lawn Tetris, Yahtzee and Kerplunk. Some of the children choose to play on the swings or relax and watch the other children play the games. The operator was engaged with the children, walking around helping the children play the games and participating in the games herself.

As the parents arrived to pick up their child the operator had a quick conversation with them to let them know how the child's afternoon. When there was only one child left the operator asked them if they wanted to help prepare supper as she wanted for the parent to arrive.

Everything seemed to be running smoothly during the visit.
