### General Comments

On the day of my visit the program was functioning well. The behaviour issues that were of concern are greatly improved. The groups are using the whole building and managing the transitions very well. The 2's swam this morning and the 3's & 4's swim on Mondays. Everyone has gym time daily and the option to book the downstairs studio or squash courts on really cold days.

Nicole and I reviewed staff files and she will keep me updated by emails when changes are made. The daycare is following their Management of Illness protocols properly.

Nicole will be using a new App (Weemarkable) with the parents that provides them with their children's daily information. They will also continue to document their play and curriculum activities on paper in the classrooms.
