General Comments

On the day of my visit I was properly screened upon entry and all Covid protocols are being followed. The Educators are using an app that includes the NB Curriculum and this is shared with the parents at home. They also have examples of their programming posted in their classrooms. The monthly newsletters home are also helpful in keeping the parents connected. The parent committee will be updated when Covid restrictions are relaxed. The loft still needs to be made more useful to engage the children in their play activities, more toys, washable markers, and decorating to spark the imagination.

The outside play area will have shade before the end of May. Tabatha has added more toys for outside play and these are kept in the shed. Educators will need to sanitize them between groups.
