General Comments
<p>Outdoor materials were accessible and provided to the children in the outdoor play space. A bag with large plastic animals and other sand toys was organized and placed by the door to bring out. As the children transitioned to the lobby with the educators, children could choose from hula-hoops, balls and skipping ropes that are being stored under the stairs. One child also carried out a bucket with markers and paper to continue his coloring activity outside.</p> <p>Please ensure that the staff backpacks assigned to each room are well-stocked with additional supplies that they may be required while outside of the building. Items like Kleenex and wipes are helpful when children have spills or need to wipe their hands.</p>
