General Comments

Upon the arrival of licensing staff for the annual renewal, educators were observed preparing for the children's arrival at the daycare while the licensing staff reviewed staff and child files. As the children arrived, sunscreen was applied, and they transitioned outdoors for afternoon activities.

Outside, children engaged in various activities. This included pushing go-go cars, drawing, exploring the mud kitchen to make "soups", playing with trucks, riding bikes, and using scooters. One group worked with an educator to find and collect pretty leaves. Another group participated in building a garden, where they shoveled dirt into a wheelbarrow, raked it out, and arranged half pipes to create a garden space. Educators were observed finding materials to bring their creations to life. An educator also facilitated a birthday celebration by distributing cupcakes, with children washing their hands beforehand using baby wipes.

The indoor classrooms were well equipped with a wide range of age-appropriate materials. These included dramatic play areas, a ping-pong table, books, art corners, dollhouses, racetracks, and costumes. Monthly fire drills and playground safety checks were confirmed as completed. Staff and child files were organized and in compliance.

Licensing staff recommends for renewal.
