<p>General Comments</p> <p>Monitoring inspection performed. Covid guidelines are being followed. Though as per the Covid guidelines dated November 13th please continue to track daily logs for each classroom and please document all essential visitors and contact information. The acting director did screen me upon entry. Cleaning and sanitizing charts are being documented. Lunch today - mashed potatoes, mixed vegetables and fish sticks, milk. Children involved in a variety of activities during my visit - observed in outdoor play, and bracelets, painting, and other sensory activities. Educators were observed providing assistance with dressing and with activities. A few staff are getting SD checks updated in December prior to expiry and the director will email me a copy to verify this was completed. Thank you. It is my understanding that the board are currently interviewing for a new director. The operator will be required to submit a Change in service application to indicate director's name, along with staff information and effective start date.</p>
