Comments: Deficiency is now compliant			

General Comments
<p>The centre is bright, clean and well organized.</p> <p>When I arrived, the children were having circle time and the educators were reading them a book. Afterwards, they played a pretend game and had snacks. Once snack was over, they went outside.</p> <p>The children have a designated outdoor play space but also have access to a large green space and wooded area. I saw the children enjoying outdoor play on a small hill near the wooded area.</p> <p>I also had the opportunity to see the Forest School today. The children were out back in the small cabin. They had just come in from outside and were having a snack and some hot chocolate. Afterwards, they had circle time and the educator read them a book on birds. The children were very engaged during story time. In the cabin you can see lots of natural items brought back from their outdoor adventures such as wild mushrooms, wasp nests and bird nests.</p> <p>I saw lots of positive interaction between the educators and the children.</p> <p>Please ensure that toxic products are always locked by key.</p> <p>Please ensure the storage room is always locked.</p> <p>I recommend for licencing.</p>
