<p><b>General Comments</b></p> <p>Monitoring report performed today and accompanied by another licensing staff..</p> <p>Upon arrival preschool age group was listening to a story. I observed children washing hands before eating their snack. Educators assisted children with opening packages for snack time. Children made papermache volcanos and they have been interested in Superheros.</p> <p>Please tape down the carpet in the preschool room as it could be a tripping hazard (use double sided tape might work). Thank you.</p> <p>Lots of wonderful programming observed and displayed throughout centre. Children were observed playing in small groups, making bracelets, belts, building with cubex blocks, lego and other building materials. Educators were observed engaged and interacting positively with the children and participating in the activities.</p> <p>We did complete an inspection of the fenced in outdoor play area and all is safe and inviting. Please empty standing water in the tires outdoor. TY.</p> <p>All children were observed during my visit getting ready to go outside. and school age were off to the forest school area.</p>
