General Comments

On the day of my visit I was properly screened upon entry and all Covid protocols are being followed. The children were outside enjoying the beautiful weather. The outside play area looks great. The children are going to grow vegetables in the planters and there are lots of things to do. The staff did the training with Lisa Murphy on taking the inside out.

The classrooms are well decorated, organized and clean. There are numerous examples of the curriculum in action and illustrated on the walls. The staff have met their 30 hr Professional Development requirement.
