<p>General Comments</p> <p>On the morning of the monitoring inspection children were finishing snack and preparing to go outside. Each room has recent learning stories posted and evidence of children's learning.</p> <p>The 2's and 3's room have done collaborative collages and the 4's room has Valentine's Day crafts up that the children have created.</p> <p>When going outside, the administrator and educators ensured that any icy areas were well sanded and that the gate to the outdoor play space could easily open. The fire escape and stairs were shoveled and accessible.</p> <p>During different parts of the morning, I heard many comments such as "good job, we take turns, we use our words." However, there were sometimes that one educator would begin the sentence with a one-word command. Examples I heard were- "No, Stop, Hey, Out, Get Down, Away from that". It would be followed up with a more positive phrase. Please ensure that communication with the children remains positive and at their level.</p> <p>Diapering was observed after outdoor play and all procedures and regulations are being followed.</p> <p>The transition from outdoors to inside was smooth and children listened to music and stories before lunch.</p>
