Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

Children were in the outdoor space when licensing staff arrived. The were engaged in a variety of activities including marking making and coloring in the covered play area, playing with blocks at a picnic table, walking and balance on the log, playing with trucks, and few children were playing on the sliding structure. The children and educators had planted some vegetables in the spring. The children were eager to show the tomatoes, cucumbers, peppers and carrots that are growing. The educators had music playing outside. The children and educators were observed singing along with the songs. Proper hand washing procedures were followed when the children came inside for lunch. The indoor environment is clean and organized. The children seem comfortable in the environment and are familiar with the daily routine of the facility.
