General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, the Educator was waiting at the end of the driveway for the children to be dropped off by the school bus. Once the bus arrived, the children were signed in and went inside to wash their hands for lunch. It was a sunny day, so they decided to have a picnic lunch outside. Sunscreen was applied before the children went back outside to eat lunch.

While the children ate lunch, the Educator engaged in conversation with the group, asking them what active game they would like to play later in the afternoon. The children got to vote between a few games, it was decided they were going to play capture the flag. The children were heard laughing and working together throughout the game. The Educator was observed helping both sides during the game and offered multiple breaks for the children to rest and have a drink of water.

The indoor environment was clean, organized and inviting. Pictures of the children were observed in the cubby area as well as a birthday wall. The bathroom was clean, and toxic products were stored in a locked cabinet. Fire drills, an outdoor maintenance checklist and First Aid checklists were reviewed today, all were up to date. Only positive child guidance was observed during today's Monitoring Inspection. The Educator was attentive to the needs of the children and showed an interest in their activities.
