General Comments
<p>On the day of my visit the center was functioning very well. I was properly screened upon entry and all Covid protocols are being followed.</p> <p>The 3 &amp; 4 year old classrooms are newly painted and look great. The Educators are working on creating child friendly classrooms where the environment is the third teacher. More learning invitations to invite, deeper and richer play experiences are needed. Some of the individual Educators have beautiful art work that adds to their classroom atmospheres.</p> <p>The outdoor play area is adding more sand and pea gravel when the gravel pits open (June) but some rakes and raking between now and then would help especially under the slides. Each classroom is getting outdoor toys for play bins this week or next.</p> <p>The Menu is being updated and will be sent to each parent every week and all substitutions will be noted.</p>
