

Early Learning and Childcare Facility Inspection Report

Type of Inspection: Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

| Kinderland Day Care Centre (2001) Ltd. 525076 September 15, 2022 Facility Name Telephone Number (506) 453-0193 Address 170 Canada Street Fredericton NB E3A 3Z8 Position Title Quality Assurance Monitor Ørder for Compliance Regulation Date to be corrected Date corrected General Comments Monitoring visit performed. Upon arrival, all children were enjoying outdoor play opportunities. Children were observed exploring, playing in the sandbox, pushing dump trucks, playing on the climbing wall, sliding, climbing over the tires, playing in the tree, swinging or playing with loose parts. Lots of choices of activities for children to be active or just to sit and play quietly. Today it is cool and all children were dressed appropriately for the weather. All educators were engaged and participating in play with the children. Licensing staff also observed lovely new cedar storage boxes. Administrative records were reviewed. Children and Staff attendance is being tracked daily, fire drills are completed monthly. Obod timing noted, and outdoor checklists are completed monthly. When I inquired about the board on the walking wall leading to the outside deck needs replaced, the Operator indicated this will be fixed. I also suggested after some children were observed slipping on this same walkway, to add strips of board to make it easier for children to climb. Otherwise the outdoor play spaces in vorting. Licensing staff has noticed the effort Educators have put into setting up the indoor play space by taking into account the interests of the children. Indoor play spaces provide flexible learning centres.
