General Comments

This preschool program is well organized and has a variety of materials and activities for the children. I observed lots of positive child guidance such as encouragement, communicating with the children at their level, active listening, offering choices, and gentle reminders. The children were familiar with the routine of the program and transitioned into activities well. Today the children had special visitors; firefighters who spoke with the class and demonstrated all of the equipment they wear. The children were very interested in this. Everything was in compliance during my visit and I recommend for licencing.
