| General Comments |
| On the day of the inspection, the younger school age children were going skating at the AYR Center. The older school age children arrived later and played at the center The after school spaces appear clean, and extra weekly cleaning of the toys was being conducted during my visit. There is a large variety of age-appropriate materials and activities for the children to choose from. Program planning is evident and the program appears to be very active. |
| Please update the contact information for the Quality Assurance Monitor on your postings. |
