Comments: Name and telephone numbers of board members was not posted during the time of this inspection. This is to be posted on the parent board.			

<p>General Comments</p> <p>Purpose for visit was for annual renewal inspection. Staff and children's files were well maintained with all required documents. Indoor play spaces were safe, clean and organized. Younger school age room requires materials to be replenished to support children who will now be in attendance full time through the summer.</p> <p>Licensing staff observed after school arrival and all children applied sunscreen as they were going straight to outdoor play on this afternoon. Educators ensured that all children had full water bottles and had access to washroom before proceeding to the outdoor area.</p> <p>Children and educators engaged in pleasant conversation as they waited for more children to arrive. All children were signed into attendance upon arrival and educators knew how many children were in their care at all times.</p> <p>Educators and children proceeded to the outdoor play area where children were given free choice in what to do while outside. Some children choose to sit in the shade under some large trees while others opened the storage shed and retrieved a ball and bat to play with. Educators were spread out and engaged with the children. There were many activities to engage with in the outdoor area and all children enjoyed their time outside.</p> <p>Educators have weekly planning completed for the summer which includes bike week and other themes. Positive child guidance was observed at all times.</p>
