General Comments
The children were in outdoor play space upon arrival. They were engaged in a variety of activities such as playing on the swings and climbing structure; Sliding and rolling down the hill, playing soccer, playing in the sand box and sitting in the field and under the trees talking to friends. The children were observed going to the storage shed to get the materials they wanted to play with and putting things back when they were done. The older group as spent the morning inside building forts in the classroom, while the younger group made banana bread. There are a variety of materials both inside and outside that suit the needs of the children. The children are represented in the classroom through candid photos and family walls. The children are very comfortable in the environment and seem to get along very well with each other. Everything seem to be running smoothly during the visit.
