General Comments
<ul style="list-style-type: none"> - Visit done at the center for a monitoring inspection. - Ratio was respected during the visit. - Recommend adding more material into the 15-23 months and to revisit the zones into the 2-year-old room by making them more inviting. - Outside space gives the children lots of opportunities to play and to be creative, kids are growing a garden into their green house, playgrounds offers lots of shades. - Most groups were outside during the visit. The tree year-old room was having " a yellow snack " for their yellow day and the baby room were into free play.
