### General Comments

- Visit to the facility for a monitoring inspection.
- Ratio was respected during the visit.
- The outdoor space is well maintained; the doorways are cleaned and provide a safe environment for the children to play and explore.
- Medications are locked and inaccessible to children, administration of medication records are evident.
- Individual space is provided for all diaper changing necessities, changing surface is safe and covered with a non-absorbent layer.
- In all rooms, educators were engaged with children in activities.
- Learning stories posted highlights children's recent learning and interests.

### Observations

- In the 15-23 months old room, children were getting up from their nap and eating snack. I saw a wall of word children are saying, documentation on children's interest and a floor book that educators are using to get all children involved into a group activity.
- In the two-year-old room, children were getting up from their nap and eating snack. Children are into animals and colors.
- In the three and four-year-old room, children are into animals, they have made sculptures and drawing of their chosen animal.
- The afterschool program is connecting with the community by sending drawing and cards to seniors, they are also organizing an art show.
- All rooms are into a literacy challenge, the four and three years old are getting ready for Dr.Seuss's birthday.
