General Comments

Visit to the facility to complete the annual inspection. Ratio was respected during the visit.

Observations: Upon arrival the preschoolers were having lunch while the infants(15-23months) were getting ready for their nap. The preschoolers washed up and went outside to play once lunch was finished. A few of the preschoolers had a nap while the others were outside. Various types of documentation are present in each room that display the children's interests and what they are learning. School aged children were not present as they were in school.

Facility meets requirements under the Act and regulations, licence will be recommended.
