<p>General Comments</p> <ul style="list-style-type: none"> -Visit to the center for an unexpected monitoring inspection -Ratio was respected during the visit - Discussion with educational staff about the connection with the application of the curriculum framework and the act. The inspection checklist was handed out and strategies were discussed on how to apply them within the center. A follow-up inspection will be done to evaluate if all the items of the regulation are being applied -Each napping child has a cot or nap mat that is appropriate for their height -There is a space of at least 46 cm between rest equipment and all nap equipment is washable and non-absorbent -Each cot is stored so there is no contact with another napping equipment or are disinfected on both sides after each use -Infant bottles are labeled with the child's name and stored with a cover in the refrigerator only used for the intended child -Allergy information on any child is posted in the food preparation area -Drinking water is provided throughout the day. <p>Observations: When arriving at the center the infants and the two's were napping. The tree's and four's were into free play, some were building with wooden blocks, others were selling tickets for a show other kids were working on, while another group was mixing dry and wet ingredients in a large bowl.</p>
