General Comments

The Quality Assurance Monitor is on site in the morning to conduct a monitoring inspection. The ratio was respected during the visit.

- If all required documents are posted in a visible place in the facility
- Child records
- Signed consent in the child records
- Child guidance
- Rest area
- Health
- Medication
- Nutrition

The Quality Assurance Monitor had a discussion with the administrator regarding a Criminal Record Check and Vulnerable Sector Check completed in Bathurst. Criminal Record Checks and Vulnerable Sector Checks must be completed within city of residency. A copy of the completed documentation may be submitted to the Quality Assurance Monitor by email.

The Quality Assurance Monitor observed that the lunch served today had been switched with Monday's scheduled lunch. The substitution had been communicated to families through the parent Facebook page. The Quality Assurance Monitor reminded the administrator that a current, dated menu must be maintained, and any substitutions or modifications must be documented and kept on file.

The Quality Assurance Monitor observed the children playing in both the outdoor and indoor play areas. Indoors, the children were engaged with the water table and a sensory sand bin containing dinosaurs and shovels. The educators were observed actively engaging with the children during play, participating in the sand activities and providing opportunities for the children to make choices. The children were also engaged in a painting activity and reading a book with an educator. The Quality Assurance Monitor observed the children transitioning to lunch. Macaroni and cheese with broccoli were served. The children were also observed transitioning to nap/quiet time and transitioning to the outdoor play area.
