General Comments

Visit at facility to complete annual inspection. Ratio was respected during visit.
Discussion with operator regarding storage of medication. In the event that a child brings a medication from school in their backpack, the operator is to be advised and medications are to be locked at all times.
Observation. School aged children we're having their snack outside when I arrived. Once they were finished, they had free play outside.
Facility meets requirements under the Act and regulations, license will be recommended for another year.
