### General Comments

- Late afternoon's visit to the establishment for an unexpected monitoring inspection
- During the visit, ratio child-to-staff is maintained and respected
- Educator facilitates children's learning by engaging in play and asking open-end questions.
- Activities purposefully planned and materials are set out according to the children's interest.
- It was observed during the visit that children are guided on how to express their feeling and use words when being hurt, angry, frustrated, sad...and the other child involved is being shown how to listen and repair their actions.
- Children's indoor play area is safe and clean
- Material and equipment proposed to children in the indoor play area are easily accessible on low, open shelves. It is varied and in sufficient quantity for all children present.
- Toxic products, and cleaning supplies are locked under key and are inaccessible to children
- When weather permitting outdoor play occurs daily.

Observations: When arriving from school, kids went in washed their hands and when outside to eat their snack and play.
