### General Comments

- Afternoon visit to the establishment for an unexpected monitoring inspection
- Ratio was respected during the visit
- Posted on the opposite wall of the lockers are the following documents: The license, inspection report, orders for compliance, daily routine, evacuation procedures, name of administrator, name and telephone number of QA Monitor and inspector - Life threatening allergies
- When it applies a notice to inform parents of the existence of a communicable disease is posted on the entrance door
- The administrator as well as all educators have a valid first aid certificate
- The following administrative records are maintained on site: Financial records, daily attendance of children and staff, monthly emergency evacuation fire drills, smoke alarm, smoke detectors and fire extinguisher inspection and maintenance records
- Monthly emergency evacuation and fire drills are completed
- A monthly review and maintenance plan is completed on all stationary equipment
- During the visit, it was observed that the operator is engaged with children providing support and having conversations. Open-end questions are asked and guidance is given in a respectful and kind way
- Children's indoor play area is safe and clean.
- Material and equipment proposed to children in the indoor play area are easily accessible on low, open shelves. It is varied and in sufficient quantity for all children present.

Observations: When arriving from school children stayed outside to eat lunch, they got to choose from fruits, granola bars, apple sauce or crackers. Once they were done eating they all went on playing basketball.
