General Comments

- Late afternoon's visit to the establishment for an unexpected monitoring inspection
- Ratio was respected during the visit
- Minor incident reports are maintained in the child's file
- Major incident report forms are kept in the children's files and signed by the parent. The incident form is sent to the Department within 24 hours following the incident and a copy is given to the parent.
- The operator as well as relief staff have a valid first aid certificate
- Toxic products, and cleaning supplies are locked under key and are inaccessible to children
- In the outdoor play area children have more than one type of surfacing to play and explore, the material offered is varied and in sufficient quantity for children present
- During the visit, it was observed that all educators are engaged with children at their level providing support and having conversations. Open-end questions are asked and guidance is given in a respectful and kind way
- At the moment no child has allergies
- Changes to the legislation was discussed with the operator
- Drinking water is provided throughout the day
- With the cold weather coming a kind reminder was given to the operator about hot beverages kept in spill proof containers.

Observations: Children got off the bus and walked with the operator to her home, they all gather around the table on the patio and ate their snack. Once they were done eating, they all transitioned to their outside space to play.
